

LIMITED EDITION

KATRIEN DE BLAUWER

Limited edition of 30 books with a numbered and signed print, upcoming on 29th June 2022.

Whatever you do, don't tell Katrien De Blauwer that she makes collages: "Let's say that I'm a photographer without a camera. For me, cutting is like the click of the camera." She cuts, glues, assembles, colours and manipulates photographs gleaned from magazines that she searches for and collects. Akin to film editing, her works are characterised by an intense narrative charge. *The Photos She Doesn't Show to Anyone* brings together ten years of work focused on memory. Both intimate and anonymous, her work reveals possible scenarios for each and every one of us.
